All measurements are in inches. Pick what hugs you best

A Few Notes Before You Choose Your Fit Size

PLAYSUIT SIZING:

- All measurements are body measurements, not garment measurements.
- Think of them as the blueprint your dream playsuit was designed around.
- If you're between sizes, we recommend sizing up for comfort — especially with fitted or structured silhouettes.
- For high-waist or fitted styles, measure the narrowest part of your waist — usually 1–2 inches above your belly button.
- Our playsuits are true to size, but fabric and style matter — a relaxed jersey piece will feel different from a structured satin or tailored design.
- You're always welcome to share your measurements with us — we love a custom-fit moment.
- Bust guides the top fit, waist & hips guide the bottom/shorts portion.

PLAYSUIT LENGTHS:

- Mini Playsuits: Sit on the upper thigh — playful, flirty, and perfect for summer vibes.
- Classic/Regular Playsuits: Fall around mid-thigh — versatile, comfortable, and easy to style.
- Midi Playsuits: Hit just above the knee — elegant, chic, and slightly more modest.
- Maxi/Long Playsuits: Calf- or ankle-length — great for formal occasions or jumpsuit-style designs.
- All lengths are measured in inches, from the waistline (natural or high waist) to the hem of the shorts portion.
- Based on standard heights (approx. 5'4"–5'7"); actual fit may vary depending on height, torso length, and playsuit silhouette.
- These are approximate garment lengths — exact fit may vary depending on style, fabric, and personal preference.

HOW TO MEASURE?

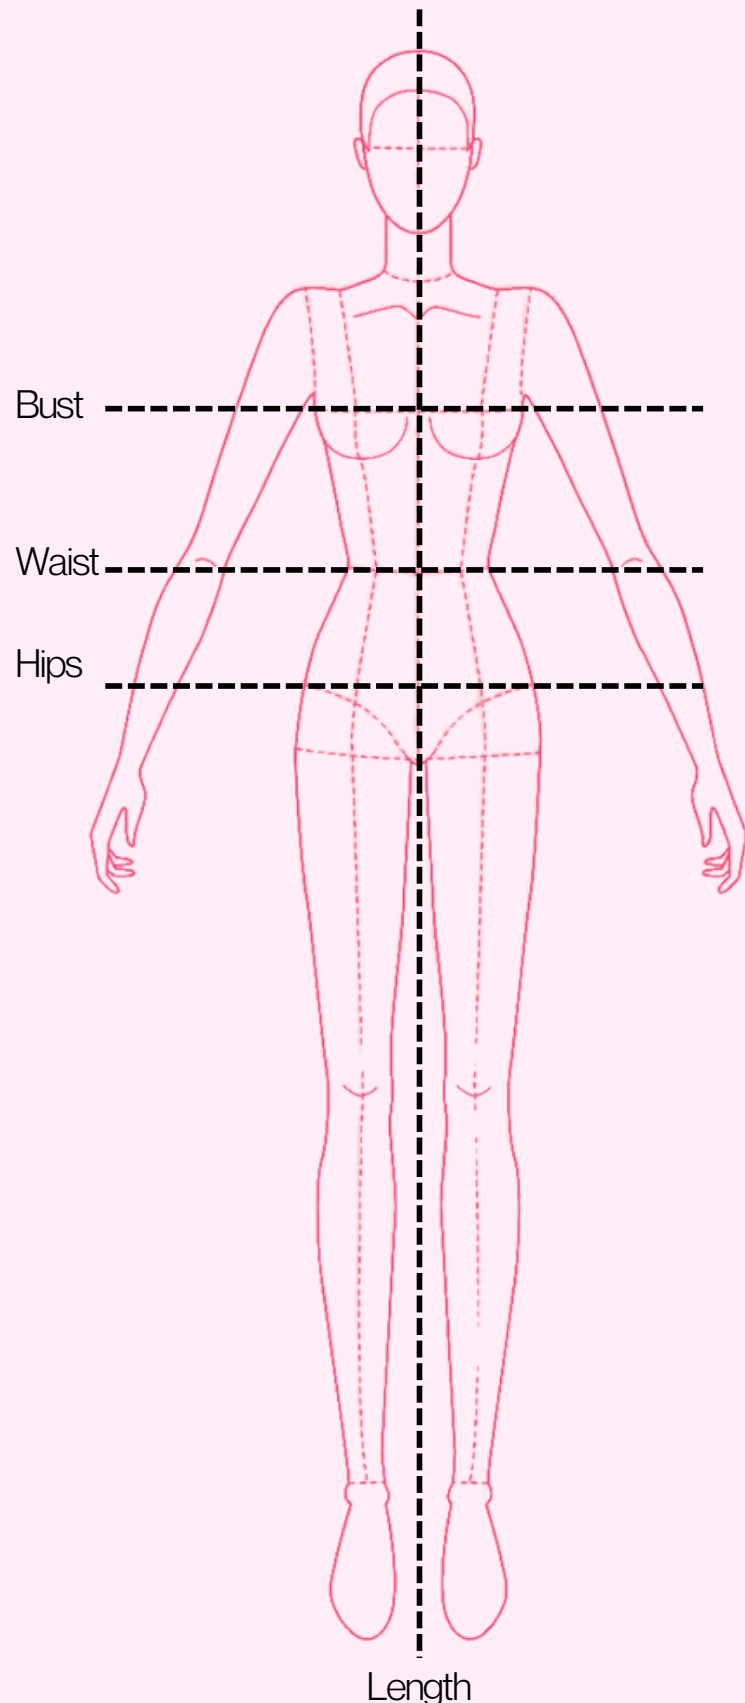

The Amós Way

Because you deserve a fit as perfect as your mirror selfies.

Grab a measuring tape (or your BFF), and let's get these digits. Because a perfect fit is the real main character energy.

Measuring tape = your style wand.

Tape it where it feels right, not just tight.

Bust:

Wrap the measuring tape around the fullest part of your bust, keeping it straight and snug — but not tight.

High Waist:

Measure around the smallest part of your waist, just above your belly button and below your ribcage.

Hips:

Stand straight and measure around the widest part of your hips and booty, keeping the tape parallel to the floor.

Dress Length:

Start at the top of your shoulder (near the neck) and measure straight down to where you want the dress to fall.
